

# Althar Audio manufacturing integrated A/V solutions

## Communicating Your Message

**Althar Audio is a manufacturing integrator in the sound reinforcement industry.**

Our purpose is to see you realize your vision of communicating, educating and conveying your mission message to your chosen audience.

Our highly trained staff will work with you to:

- Evaluate your needs
- Determine your desires
- Attain your vision

## Integration

**At Althar Audio we manufacture and utilize advanced products and technologies incorporated into flexible solutions which deliver high performance at exceptional value.**

Our attention to detail and our understanding of client needs and expectations drives our solutions team to develop sophisticated, integrated solutions. Our systems belie their complexity providing ease of use to the novice and the power to satisfy the professional.

## Installations

**Althar Audio places prime importance upon installation elegance.**

With decreased physical and infrastructure demands Althar installations permit reduced dependence on staff and short installation disturbances to your venue while presenting a minimum of physical and visual impact.

Most of our installations permit:

- Decreased wiring costs
- Simplified, crane-less installation
- Improved distribution of sound
- Decreased client demands
- Extensibility

## Training

**Althar Audio understands the need for our clients to have the confidence to control their new sound reinforcement system.**

Our highly trained staff will work with you to design and “Tune” your new system. Our desire is to instill the confidence in you and your staff to understand the features and controls of your system to assure you get the most out of your sound reinforcement dollar.

We are always available to meet with you for future training and to discuss changes to your system to meet new and future needs.

# Houses of Worship

**We have vast experience to draw upon to resolve the issues found whether you are designing a new building or retrofitting an existing space.**

Althar Audio has a solution to bring your Worship sound into the 21st Century!

Our systems feature:

- High Intelligibility of the spoken Word
- High Resistance to Feedback
- Simplified User Experience
- Low Installation Costs
- Integration of Organ and Choir
- Small Visual Footprint
- increased Congregant Immersion
- Decreased Room Modification

## Outdoor & Live Events

**We provide sound support for some of the most challenging situations with great results.**

If you are planning an event in an outdoor space our portable solutions can be deployed quickly and managed by those with moderate experience to attain your goals.

- Fundraisers
- Outdoor Music
- Weddings
- Festivals

## Corporate Communications & Education

**Communicating a corporate message effectively places specialized demands upon a sound reinforcement system.**

Educating your audience requires the utmost in uniform sound immersion with a minimum of distractions. Client Immersion is extremely important for communicating your message effectively. If your audience's attention is divided between what they see and what they hear, there is a cognitive disconnect. Aesthetics, sitelines, articulation, effectivity, immersion and wide field dispersion with reduced sensitivity to feedback are the hallmarks of every Althar Audio installation. Systems which possess the above qualities will have the most impact.

Althar Audio believes that the sound reinforcement should be practically transparent to the client, drawing little notice that sound reinforcement is taking place affording the ultimate in client immersion where the communication of your message can take root and inspire.

## Theater

**We offer sophisticated, integrated professional solutions to meet the complex needs of Cinema, Theater and Multi-use facilities.**

**Althar Cinema Systems** ©are designed to meet your needs with support for film and live sound integrated into a single, easy to use system.

We provide Surround Sound systems for film that can be placed in a "Live Sound" mode at the flip of a single switch providing multi-use venues with the power and flexibility you expect at a price which will surprize you. Contact us to discover how Althar Audio products can ***inspire***.
